WHERE THEY'LL WAGE PROXY WAR

In this auditorium known as Whiting Community house at Whiting Ind. the late of the Standard Oil Co. of Indiana will be set today. John D. Rockefeller Jr. (inset right) will try with all the proxies he has been able to muster to oust Col. Robert D. Stewart (left) from the post of chairman of the board of directors. It is a feud which dates from the day when Colonel Stewart refused to testify in the Senate investigation of Teapot Dome.

BULLETIN
WHITING Ind. March 7.—At this afternoon's Indiana Standard Oil Co. directors' meeting an attack passed around a note which said there would be two statements issued after the adjournment of the stockholders' meeting by the new executive director of the company, after the directors' meeting following the stockholders' meeting and another statement by Colonel Stewart as soon as the halling on his election has been completed.

This apparently indicated that Colonel Stewart is a loser. The battle of the Standard Oil Co. of Indiana will be fought today in the courtroom. The battle of the Standard Oil Co. of Indiana will be fought today in the courtroom.

Proposed Industry Would Produce Newly Invented Automatic Switch

Marion may soon take the place in the electrical world of a world of members of the Marion local board to build a new factory to produce newly invented automatic switches. The factory will manufacture a new type of switch and will also assemble a new type of switch. The factory will manufacture a new type of switch and will also assemble a new type of switch.

While the movement to procure the new factory is being fostered by members of the local board, two meetings attended by more than 70 business men have already been held at the Marion club. The first meeting was held on March 4 and the second on March 5.

The plan is to build a four-story building on the site of the old factory. The new factory will produce newly invented automatic switches. The new factory will produce newly invented automatic switches.

Oscar Colquhoun May Get Varney on U. S. Board of Mediation

WASHINGTON, March 7.—A report was current in congressional circles today that President Hoover would name Oscar Colquhoun, a former governor of Texas, to the vacancy on the U. S. board of mediation.

The appointment of Colquhoun, it was said, would be a recognition of the Hoover Democrats, who helped swing Texas into the Republican column last November for the first time in its history.

SAY ROSENWALD TO BE ON COMMISSION

Hoover Has About Completed His Commission To Study Prohibition

WASHINGTON, March 7.—President Hoover has about completed selection of the commission which he will appoint to investigate the law enforcement evils grown up in the prohibition situation, it was learned today.

Julius Rosenwald, millionaire mail-order business and philanthropist, of Chicago, is to be a member of the commission, according to authoritative reports.

Others said to be under consideration are Curtis D. Wilbur, secretary of the navy under Coolidge, and James H. Garfield, of Cleveland.

Originally it was intended that there would be a commission of nine, but difficulty in obtaining the right personnel may make it a commission of five.

PROPOSALS DRAWN IN CATTLE TESTING

Amendments Expected To Eliminate Difficulties in Ohio

Amendments to the Ruggs Act governing rules for compensation of cattle owners in tuberculosis eradication which are now pending will remove the uncertainties now existing in Ohio in testing for the disease, according to word received by the Marion County Farm Bureau from L. B. Palmer, president of the Ohio Cattle Bureau Federation. Such amendments have been introduced in both the house and senate at Columbus.

Cattle values have increased considerably since the Ohio rules for compensation which grant \$25 on grades and \$30 on purebreds were drawn up. Mr. Palmer states, The National Congress has set these figures for 1929 at \$35 on grade cattle and \$70 on purebreds, and Ohio's standards must be raised in order to secure this higher figure in Federal funds.

Of course, the maximum may not be paid in all cases, Mr. Palmer says, in explaining the amendments. The law, with amendment, provides for an appraisal of each tuberculosis animal by a representative of the Department of Agriculture and a representative chosen by the owner, and if the animal is ordered slaughtered, the owner receives two-thirds the difference between the appraisal and the salvage.

Thirty-three Ohio counties have completed the test for tuberculosis cattle on the area plan. Twenty-four counties are under test and seven more including Marion county, have petitioned and are awaiting test.

DANDRUFF A Sure Way to End It

There is one sure way that has ever failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid from any drug store (that is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and, entirely, destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

Married with Gravitation.

BY GARRETT P. SERVIS

In school I learned that if a ball is dropped from a high level and another is dropped from the same level, the one dropped first will reach the ground first. Now some friends laugh at me and say it is impossible to explain this. — L. H. W. Brid

People live

Now, mind—you have the laugh on friends for mathematics bears you out in a series of facts which consist of the most beautiful ordinances of the universe. The ball cannon when fired is enough to give a ball a velocity of one meter per second. Place it on sixteen feet above the level of the ground, it will fall parallel with the ground.

Now you doubtless know that gravity causes all objects that are not supported to fall as their fall to drop a distance of sixteen feet in the first second after

are, full the distance s in reach of over a year free but a varies in different parts of the earth and I avoid from calling a just sixteen feet no what after our calculus four

But the falling object does not travel a uniform velocity. At the start it is slowly but it quickly gains velocity and at the end of one second it is moving at a rate of thirty two feet per second. But it started with 0 velocity and ended at thirty two feet the distance fallen in one second will be the mean of the two or six feet. The mean arithmetical law of falling says that the distance fallen in any time t (sixteen feet multiplied by the square of number of seconds during which the lasted

Now a very important thing to remember is that the same law applies to a body

wise moving like a cannon ball as well to a body that stir from rest. The movements are married together and become one, but the course of the body after marriage of the forces acting upon it is the same as it was when only one force acted. Like the partners in all successful marriages the two completely respect each other's right and neither robs the other. The full efficiency of each is retained and they work independently, and yet together.

The gun fires its ball with a velocity of thirty two feet per second on a level and if gravitation did not act the ball would go straight ahead. But gravitation exerts its force upon the ball just as if instead of having a velocity parallel with the ground it had simply dropped straight down.

In that case as before said the ball would reach the ground at the end of one second. But in reality the two forces acting simultaneously are combined so that the ball obeying both alike does not either fall straight to the ground or shoot straight ahead. What it does do is to follow a parabolic curve which brings it to the ground at

In a quarter of a second the ball has gone forward eight feet from the sun but in the same time gravity has drawn it down one foot. In half a second it has gone forward sixteen feet but has simultaneously fallen four feet. In three quarters of a second it has gone ahead twenty four feet and dropped nine feet. Finally at the end of the second it has moved thirty two feet steadily and

and at the same time dropped sixteen feet to the ground. If another ball had been dropped at the same instant from the same muzzle it would have struck the ground simultaneously with the first. (C)

Fashion's Forecast

By Annabel Worthington

THE STYLE presented expresses perfectly the chic of the new mode. It affects the Princess of tulle through molded bodice with higher waistline and circular skirt shaped through the hips. It is a appeal to sophisticated taste to complete Spring wardrobe. Fashioned in silk crepe in gay print on dark, round crepe satin or sheer wools.

ALWAYS DEAD TIRED?

How sad! Sallow complexion, dulled tongue, poor appetite, bad breath, pimply skin and always tired. What's wrong? You are poisoned. The bowels are clogged and liver inactive. Take this famous prescription used constantly in place of calomel by men and women for 20 years—Dr. Edwards' Olive Tablets. They are harmless yet very effective. A compound of vegetable ingredients and olive oil. They act easily upon the bowels, free the system of poison caused by faulty elimination and keep you clear.

So beautiful. Have rosy cheeks, clear eyes and youthful energy that make a success of life. Take Dr. Edwards' Olive Tablets, nightly. Know them by their olive color. 50c and 90c—Adm.

More BUSINESS MEN RIDE on Goodyear Tires than on any other kind

Business men are shrewd buyers. And they have had too much experience with tires, both on passenger cars and trucks, to be led astray by claims. They have tested and compared values, found Goodyears best, and that is why they buy them. Stop and think: would millions more people be riding on Goodyear tires today unless Goodyears were far superior? Enjoy the best yourself—they cost no more.

Locust Sisters Billed

ON SUNDAY NIGHT PROGRAM

as Feature in Radio

THE LOCUST SISTERS

The Locust Sisters, who were a sensation in "Hit the Deck," will be presented to radio fans at 10 o'clock Sunday night over the Columbia system as the Majestic hour. They are pictured above. Four of the girls harmonize and have promised, among other selections, the nationally popular "Hallelujah" and "Oh Why" from "Hit the Deck," while Miss Matilda Locust, pianist and formerly soloist with the National Symphony orchestra, will present "Mazurka," by Godard, and the Saint Saens "Concerto." Also on the program is Miss Hilts Locust singing "Glad Rag Doll" and "Walkin' on the Air."

BY MAC L. ROY

GEORGE JESSEL, noted star of the screen and stage, with Cassie Loftis, an outstanding artist in the American theater, will headline the Vedol Vedol program to be presented over the Columbia broadcasting system at 8:30 o'clock Friday night. A look-up of 35 radio stations will carry this program. Jessel has achieved unusual success through his work in vaudeville, musical comedy and pictures. Starred in "The Jazz Singer" some three years ago, he again won attention in the dramatic production, "The War Song."

Miss Loftis will bring to the radio audience bits of the character studies and song stories which established her many years ago as a star of vaudeville and musical revue. A solo quartet and a solo orchestra under the direction of Freddie Rich complete the musical lineup for the hour.

CLIFTON TO TALK THROUGH WEAO. DIRECTOR J. L. CLIFTON, of the state department of education, will be heard Friday night from station WEAO of the Ohio State university. He will speak on experiments in education with special mention of the school of air now being conducted by his department. Harry Wilson, actor, and Freda Frazier, reader, will give another of their joint recitals in which the words of a favorite poem are recited and sung. At 8 o'clock the WEAO players will present a one-act play.

KENTUCKY SENATOR APPEARS ON PROGRAM. "The Bird of a series known as 'Half Hours with the Senate' will be broadcast over a coast-to-coast network of the WEAO chain of the NBC system at 10:30 o'clock Friday night with Senator Frederic M. Sachet, Republican of Kentucky, and Senator Millard E. Tydings, Democrat of Maryland, as the principal speakers.

SCOTCH LEGEND IS FEATURE OF HOUR. THE romantic legend of Loch Lomond will be the theme of the popular artist, Henry Burr, during the broadcast of the Cities Service hour over the WEAO network of the NBC system at 8 o'clock Friday night.

PARISIAN OPERETTA OVER WEAF CHAIN. A TABLOID version of the Parisian operetta, "Comte d'Alger," a success of the past season of the Theater des Nouveautés in Paris, will be the main feature on the "Evening in Paris" hour over the WEAF network at 9 o'clock Friday night.

Gentlemen:-

Most things in business life can be expressed pretty clearly in a letter, but we find it difficult to make any letter express fully and clearly our good wishes to you on the new opening of your store.

For many years you and we have been good business friends, and just as you have used every ounce of your ability and capital to serve your customers to their satisfaction, so have we used every ounce of our ability and capital to serve you and them with good clothing.

To you and to the people of Marion and vicinity we extend our very hearty congratulations. To you on the growth of your business. To them in having in their midst a business that dedicates its best endeavors to giving them a heaped-up, pressed down, overflowing measure of values and service.

With all good wishes,

May 3 is Date Set for Annual Morrow County Field Day Meet

SCHOOL HEADS NAME COMMITTEES

Discuss Plans for Baseball Tournament This Spring

FIVE TEAMS ENTER

Dinner Follows Session Held in County Superintendent's Office

MT. GILEAD, March 7.—May 3 was the date set for the annual field day meet at the meeting of members of the Morrow County School Board held last night in the office of County Superintendent H. O. Hanna. The club is made up of representatives and men teachers of the Morrow County schools.

Superintendent B. H. Standfield, of Lisbon, Coach J. J. Miller, of Mt. Gilead, and Coach O. D. White, of Castington, were named a committee to arrange for the program which will be held at the Morrow county fairgrounds.

Plans also were discussed for the baseball series to be played by schools of the county this spring. Schools planning to enter teams are Johnsville, Iberia, Chesterfield, Fulton and Sparta. Superintendent James Clark of Johnsville, Superintendent H. O. Hanna, of Iberia, and Superintendent R. H. Hoover, of Castington, were named a committee in charge of the series.

Pupil failures, public health work in the schools, and the need of a county health nurse, were among the topics brought out in discussion during the session. At the close of the business session the club members went to Lottella Inn, where dinner was served.

TO PRESENT PLAY

Sycamore High School Students Will Give Operetta

SYCAMORE, March 7.—Plans have been completed for the presentation of the operetta, "The Blue Bird," by students of the Sycamore high school, Friday and Saturday nights. The cast includes Peggy, much admired Irish girl, to be played by Mary Anthony; Patrick, to be played by Peggy Kennedy; Robert, also in love with Peggy, to be played by Robert Kennedy; Ronald, to be played by Robert Kennedy; and others in the cast are Leola Miller, Raymond Harter, Frances Meunier, Phyllis Hoover, Dorothy Miller, Miriam Chase, Evelyn Oiler, Jane Van Huden, Grace Walton, Leonard Dinger, Charles Harton, Norin Dunbar, Thelma Hurdoff, Paul Hoesinger, Robert Volkner and Willard Nebel.

CAREY HOSTESS ENTERTAINS CLUB

CAREY, March 7.—Mrs. W. G. Bradley welcomed the members of the Winona club Tuesday afternoon at her home, East Findlay st. The afternoon was spent with needlework and roll call was responded to with current events. Dinner was served by the hostess. Mrs. Mark Kane and Mrs. May Mulholland were guests. The next meeting will be held with Mrs. M. C. Reynolds in two weeks.

Columbus Company Asks Judgment in Union County Court

MARYSVILLE, March 7.—The Columbus Company Building & Loan company, Columbus, has brought suit in the Union county common pleas court for judgment for \$7,297.32 and foreclosure of mortgage from O. H. and Eva C. Robbins, Wesley and Bertha M. Hill, and one and Mrs. and Mrs. Harry T. Cary.

The company states in the petition that on Aug. 28, 1921, O. H. and Eva C. Robbins gave them their promissory note for \$8,000, secured by a mortgage on a 150 acre tract of land in Allen township. Later Wesley and Bertha Hill purchased the property and assumed payment of the note in the transfer of the real estate. However, \$7,297.32 is still due, for which the company asks judgment, and also petitions that judgment be entered against the note and the property be sold to satisfy the same.

The company also asks that the note be declared null and void and that the company be awarded its costs.

The case was set for trial at 10 o'clock in the common pleas court.

Splendid Recipe To Stop A Cough That "Hangs On"

The best cough remedy that money could buy, can easily be made at home. It saves money and gives you the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs and chest colds, giving immediate relief, is astonishing.

Any druggist can supply you with 21 capsules of Pinex. Pour this into a pint bottle, and fill up with plain granulated sugar syrup or strained honey. It's no trouble at all to mix, and when you once use it you will never be without it. Keeps perfectly and tastes good—children really like it.

It is surprising how quickly this home-made remedy loosens the granulated phlegm and soothes and heals the inflamed membranes. At the same time, it is absorbed into the blood, where it acts directly on the bronchial tubes, and helps the system throw off the whole trouble. Even those severe coughs which usually follow the "flu," are promptly ended.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of essence, in a refined, palatable form. Nothing known in medicine is more helpful in cases of severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

SERVICE WE GIVE

TODAY the funeral takes the form of today's most modern means and methods. Ways of the past are inadequate, inefficient, inadvisable. Selection of the mortician, then, should be so guided: the one best equipped and most up-to-date to best fulfill the requirements. Your debt to the one departed calls for such selection. Your own satisfaction, relief and comfort should urge it.

With that thought in mind we pledge a most assuring service: fully to your entire satisfaction, and mind's relief.

Selection of the mortician, then, should be so guided: the one best equipped and most up-to-date to best fulfill the requirements. Your debt to the one departed calls for such selection. Your own satisfaction, relief and comfort should urge it.

With that thought in mind we pledge a most assuring service: fully to your entire satisfaction, and mind's relief.

CHRISTIANS TO PLAY APTIST QUINT FOR LEAGUE PENNANT

Central Series Opens
Here on Friday
Night

KARL R. McELROY
Sports Editor, The Star
The Marion County basketball league will have a hearing on the championship with the Y. M. C. A. Vernon Junior court. The annual championship of the Marion County basketball league will get underway Friday night at 8 o'clock. The Y. M. C. A. featuring the Marion County basketball team will be the game between the Baptist and Baptist for the championship.

Each Team Unbeaten
The Christians won the last half of the game while the Baptists won the first half. The Christians won their respective rounds in a defeat.

The winner of this game is to be crowned champion of the league for next year. No matter who wins, the decision is a struggle having taken six straight to the point.

However, the Baptists defeated the Christians in the last half. That, in the opinion of the former team, is a sure sign of a victory.

To Settle Tie
The Christians and Baptists will be in for a leave championship game in the preliminary round of 7:30 o'clock. Christians won the first half intermediate title in the last half by a score of 10 to 8.

In case Epworth is defeated in the first half, then the two teams will clash in a three-game series for the season's cup. If Christians win the play will end.

Central High School, Marion, and Vernon High School, will also play in the preliminary round of 7:30 o'clock. The first of the season's series will be played at

LOCKE's volleyball team, which has been setting the pace in this league by virtue of five straight wins, met a snag when they played Kette last night and dropped its first game, 25 to 20. Locke's defeat cut his margin to one game over Barnhart, Kette and Clark, who are all tied for second place with four victories in six starts.

Barnhart upset Tobin last night in a free-scoring game, 47 to 30. It is rumored by members of Mr. Barnhart's outfit that the time was extended a little bit but they maintain that the longer the time, the worse the massacre. Clark sunk Brown 31 to 21. This was Brown's fourth defeat in six games.

Kerr and Pfeiffer were both credited with a defeat when neither team showed enough players to play a game. Each team had three men present. Kerr is in seventh place with one win in six games while Pfeiffer is holding down the cellar without a struggle having taken six straight to the point.

Schock Friday night on the Vernon Heights gym. The second is slated for the week following at the Y. M. C. A.

If history repeats itself, Central will win the title. Vernon has the best chance in years to cop although the series may end in a tie.

Vernon will be favored to win the first game Friday night by virtue of playing on its own floor. The Y floor will give the Central fire the edge next week.

Y-INDUS TROPHY GIVEN GREEN CAMP AT CLUB BANQUET

Coach Roy Lovett Accepts
Loving Cup on Behalf of
Champs

MEMBERS of the Green Camp basketball team, who were county champions for the 1928-29 season, received the Y-Indus loving cup, emblematic of that honor, last night at a banquet given by the club at Schneider's barbeque, south of Marion.

The cup was presented by the club president, Walter Moore to Roy Lovett, coach of the Green Camp team. Mr. Lovett received the cup in behalf of the team which he coached and then gave a short talk on the best season in the county.

"More scientific basketball has been played this past season than ever before in the Marion county basketball league," Mr. Lovett stated. He continued by saying that the old style of basketball, where it was every man for himself, has long gone into the discard and the offense of the teams has been worked down to the point where each play that is started by a team on the offense must have the timing and cooperation of every player or it will fail.

Merion Porter, captain and center of the Green Camp team, gave a short talk in which he thanked the club for its cup.

The cup will rotate each year to the champion of the county until one school has won it three years in succession. When this happens the cup will become the permanent possession of that school.

Following the banquet last night cards were enjoyed by members and the guests present.

Guests of the club were: Karl R. McElroy, sports editor of the Star, Coach Roy Lovett, and Merion Porter. Members of the club attending: Walter Moore, William Fetter, Harold Carroll, Chalmers Cline, Robert Lindsey, Albert Slack, Duane Church, Donald Cram, Charles Osterhoff, and Robert Elliott.

LEADER IN CITY'S PROGRESS

LEINMAIERS' STORE GROWS WITH MARION

History of Business Dates Back to Community's Days as Village

STEADY ADVANCEMENT

Small Beginning Leads to One of Central Ohio's Leading Clothing Establishments

Imagine Marion, if you can, almost a half century ago, a village of less than 1,000, and compare it with the thriving mid-western city of today. Over a span of those years, hardly more than one generation, changes have taken place that are really almost unbelievable.

Then only mud roads were to be found where paved streets are now. Then sidewalks were not stone, but consisted of wooden planks, laid end to end, filled with ruts and knot-holes and broken timbers to make foot travel difficult and dangerous. An open ditch, called Goose Creek, ran along Columbia st. and crossed West Center at leader st., over which tumble-down bridges spanned each street intersection. Of course, the traditional town pump and watering trough of the autoless age occupied a conspicuous place in front of the little brick courthouse of that day.

Start Business Career
This was the Marion of the time that Kleinmaier Bros. started their business career, casting their lot with the growth of the town that was destined in future years to spring into national prominence by providing a president of these United States from among its citizenry.

In the little store-room at the corner of Center and Main sts., formerly occupied by Flocken's and Schmidt's drug stores and now by Schulte's Cigar store, Simon

G. and Ben E. Kleinmaier, then mere lads in their early twenties, opened their small shop to the public with just a handful of merchandise. Early in their career they adopted a one-price policy, unheard of in that day of "whatever you can get"

The next move found firm many loyal customers, Kleinmaier's on "The Cor- of whom they can number ner," in that handsome many of the third genera- stone structure on the pub- lication.

Historic Entry

One of the most interesting entries in the journal of the first year they were in business, reads as follows: "Dr. G. T. Harding, per son Warren G., 1 suit, 2 under- wear, 1 gloves, 1 tie, \$26.00."

The first year's inventory book of Jan. 1, 1883, which is still preserved, was made of a few sheets of wrapping paper tied together with string.

This enterprising, young, business soon gained the confidence of the villagers, who showed their good will towards the new firm by their patronage.

So those tiny quarters be- came too small for this rap-

tion of the state, which po- sition it has jealously guard- ed and maintained ever since.

Lease Busby Block

After 12 years, Klein- maier's negotiated a 20-year lease on the Busby block, about to be vacated by D. A. Frank & Co., now The Frank Bros. Co., on the cor- ner of Center and Prospect sts., giving Marion a man's store of metropolitan pro- portions. In 1920, George G. and Jesse M. Kleinmaier were taken in as members of the firm, and the latter has

been an active member of the firm ever since.

The former left Marion five years ago to become manager of A. May & Sons, the leading men's wear store of Grand Rapids. He has since been director of research at Mandel Brothers, one of the famous State st. ing city.

A Deserving Tribute to Kleinmaier Bros. Co.

The new store of Kleinmaier Bros. Co. stands out as one of the finest retail establishments of its kind in Ohio. It is the reflection of a well deserved suc- cess that can be attributed to the sound business principles which Kleinmaier Bros. adopted when they started in business 47 years ago. It is evidence of their courage, their imagination, their high idealism, their perseverance, their fine optimism.

We congratulate Marion on having such a fine store — a store with a hand-picked organization qualified by training and experience intelligently to serve men of the most exacting taste; a store that we know will continue to build on lines of high idealism — on personal service — on quality mer- chandise — and on eminently fair and reasonable prices.

We want to congratulate Kleinmaier Bros. Co. also, and to wish them every success in their won- derful new store.

Here is Forecast of Spring Styles That Will Be Worn This Season

Each season new ideas and new fashions express themselves in the fashions for the better dressed men. These reasonable changes find their expression in variations in the design of clothes and attractive patterns or novel motifs of dress that find their source in recognized fashion centers. The exclusive set at resorts and sports gatherings set the pace. The leading stars in motion pictures are followed by the great masses of people. And now in this day the college men wield an influence in the styles that men adopt that is almost un- believable.

And so it goes, that people crave the latest, the newest, the most novel, even the most daring fashions of the day. Now with automobiles, radio, movies and other means of education, it is an enlightened public that is to be reckoned with wherever it goes. Now the small towns have grown into the large cities that have existed twenty years ago. The rural population have pro- ceeded all the advantages of the city and as times have changed, mat- ters with it, the desires of the people are constantly finding new expression in the clothes they wear. As winter is now on the wane and spring days become more numerous, optimism, more joyful atmosphere is plainly sensed on all sides. People are becoming tired of wearing heavy, cumbersome and soiled, weather- worn clothes and are in a receptive mood for brighter and lighter wearing apparel.

new in every sense of the word. Their stock was all bought fresh this season and features the very smartest ideas direct from metropolitan centers.

It is interesting to note some of the outstanding thoughts for the coming Spring season which will be found at Kleinmaier's.

In many respects there is a ten- dency toward the conservative among men who follow fashions. In suits, worsteds and smoother fabrics will have an unprecedented demand this season. Patterns will tend toward neat stripes, berringshones and shark- skin weaves in soft shades of grey and tan prevailing. The two button model with wide, long lapels is the most popular but a three button coat, buttoning only the two lower buttons, will be a close second.

The innovation is in the rest, known as the Tattersal style, which has a waist line effect, flaps on the pockets and the bottom button is left open. Trousers are not quite so full in cut, but are very high waisted, often with pleated tops, necessitating for proper appearance the use of fashion- able suspenders, which come in dizzy array of showy effects.

Camels hair fabrics are the smart thing in sportswear this Spring. Thin soft, downy fabrics drapes comfortably and wears exceedingly well. It is made up in a large variety of patterns and shades. To see one is to want one.

The offerings in headwear, offer a considerable departure from those of previous seasons. Brims are found to be exceedingly narrow and feathery, straight, while crowns are high and

tapering, being decidedly English in mode. An unusual abundance of tan and brown shades prevail to har- monize with the brown ensemble.

Darker backgrounds, mostly in neat figured effects, are much in evidence in the newest shirts. Many of these come with stiff collars to match. Plain color five or six of small conventional patterns look particu- larly well on these shirts, in tones to blend in with the rest of the outfit.

Even the undergarments, which in times past have been considered a nec- essary evil, have asserted themselves in no uncertain terms. The wildest fantastic designs that rival a night- mare is meager description of the shorts or drawers that have cap- tivated masculine fancy. These are worn with athletic cut undershirts of white or beautiful pastel shades in light weight gauze or rayon.

Even at night men are no longer con- tent with the promisc but demands all the gaiety and brilliant colorings in his pajamas that it is possible to con- ceive.

In sports wear, there are no limits to which a man may go to express his own individuality and taste. How- ever, sports apparel, such as golf sweaters and hose are of neat, small patterns or plain pastel shades rather than large showy plaids. A most in- viting selection of knickerbockers, sport shoes, caps, blazer coats and bathing suits are presented as well for every sports occasion.

All in all, men will find it a pleas- ure and a delight to select his Spring outfit at Kleinmaier's new store, where, everything is, fresh and new, and right up to the minute in style.

"The Man's Store Ahead"

The above cut shows the new Kleinmaier Bros. Co. store building on S. Main St., which was recently completed. The building has been entirely remodeled inside and out and presents an attractive appearance. The front is of yellow, vertical scored, face brick, laid up in black mortar, and is trimmed with Berea sandstone. The display windows were installed by The Kawneer Co., and are of plate glass set in copper, with tile bulkheads and with a tile floor in the vestibule. The front windows on the second floor are arranged for display purposes and are fitted with the latest type of show window lighting fixtures.

A large one story addition has been built at the rear of the old building. A full basement under this addition provides furnace rooms and a large storage space, while the first floor will be devoted to a men's clothing department.

This room has been fitted with the most modern cases for the display of men's clothing.

Broad open stairs lead from the first to the second floor, where the boys' clothing department will be located. Offices are provided on a mezzanine floor, which may be reached from the stair landing. Under the offices are located dressing rooms and rest rooms.

The entire building will be lighted with the latest type lighting fixtures. The walls and ceilings are finished with Mural-tex, and present a novel appearance. The building is heated with steam thruout. A large Neon sign has been installed on the front and adds much to the appearance of the building.

The plans for the remodeling were furnished by White & Hochstetter, local architects, who also supervised the construction. The remodeling was done by Mr. John Zachman, a local contractor.

New dormitories to be built from the Sterling fortune are to replace stores along Elm street opposite the Harkness Memorial.

New buildings for the Graduate school and the Divinity school also are to be erected in the near future. Dwelling houses will be removed for each group. Still other dwellings will go to make room for an addition to the Vanderbilt dormitories at Sheffield Scientific school.

Gentlemen:-

Most things in business life can be expressed pretty clearly in a letter, but we find it difficult to make any letter express fully and clearly our good wishes to you on the new opening of your store.

For many years you and we have been good business friends, and just as you have used every ounce of your ability and capital to serve your customers to their satisfaction, so have we used every ounce of our ability and capital to serve you and them with good clothing.

To you and to the people of Marion and vicinity we extend our very hearty congratulations. To you on the growth of your business. To them in having in their midst a business that dedicates its best endeavors to giving them a heaped-up, pressed down, overflowing measure of values and service.

With all good wishes,

JULIUS SCHWARTZ & SONS,

Julius Schwartz
President.
